

PTDI Certification for

Entry Level Truck Driver Training Programs

Background

- ▶ The Professional Truck Driver Institute (PTDI) was established in 1986
- ▶ Formed and developed by stakeholders in the trucking industry to advance truck driver training, proficiency, safety, and professionalism among drivers.
- ▶ PTDI offers certification of truck driver training programs.
- ▶ Ours is the first industry and government-recognized curriculum and certification standards.

Standards

- ▶ The standards were developed by schools, carriers and insurance providers, safety groups and other truck industry groups and stakeholders.
- ▶ The certification standards are performance based, incorporate industry driven benchmarks, and the US Department of Transportation standards.
- ▶ Not only is PTDI widely recognized as the ***GOLD STANDARD***, it was used by the FMCSA as a primary basis for the new ELDT requirements.

Standards

If you are PTDI certified you meet the FMCSA's new ELDT standard

Highlights of the Standards

- ▶ Truth in Advertising (Ethics)
- ▶ Defined, specific performance objectives
- ▶ Instructors are qualified and experienced
- ▶ Vehicles are safe and in good condition
- ▶ Student, Instructor and Vehicle ratios
- ▶ Quality classroom and range conditions
- ▶ 148 hours of instruction (combo of classroom, lab, CBT, simulation, and driving)
- ▶ Of the 148 hours, 104 are classroom/lab and 44 hours of behind the wheel
- ▶ Night driving, Weighted trailer driving
- ▶ Classroom, range and road tests
- ▶ Student Record keeping

Benefits

Distinguish yourself from other programs, grow your market share

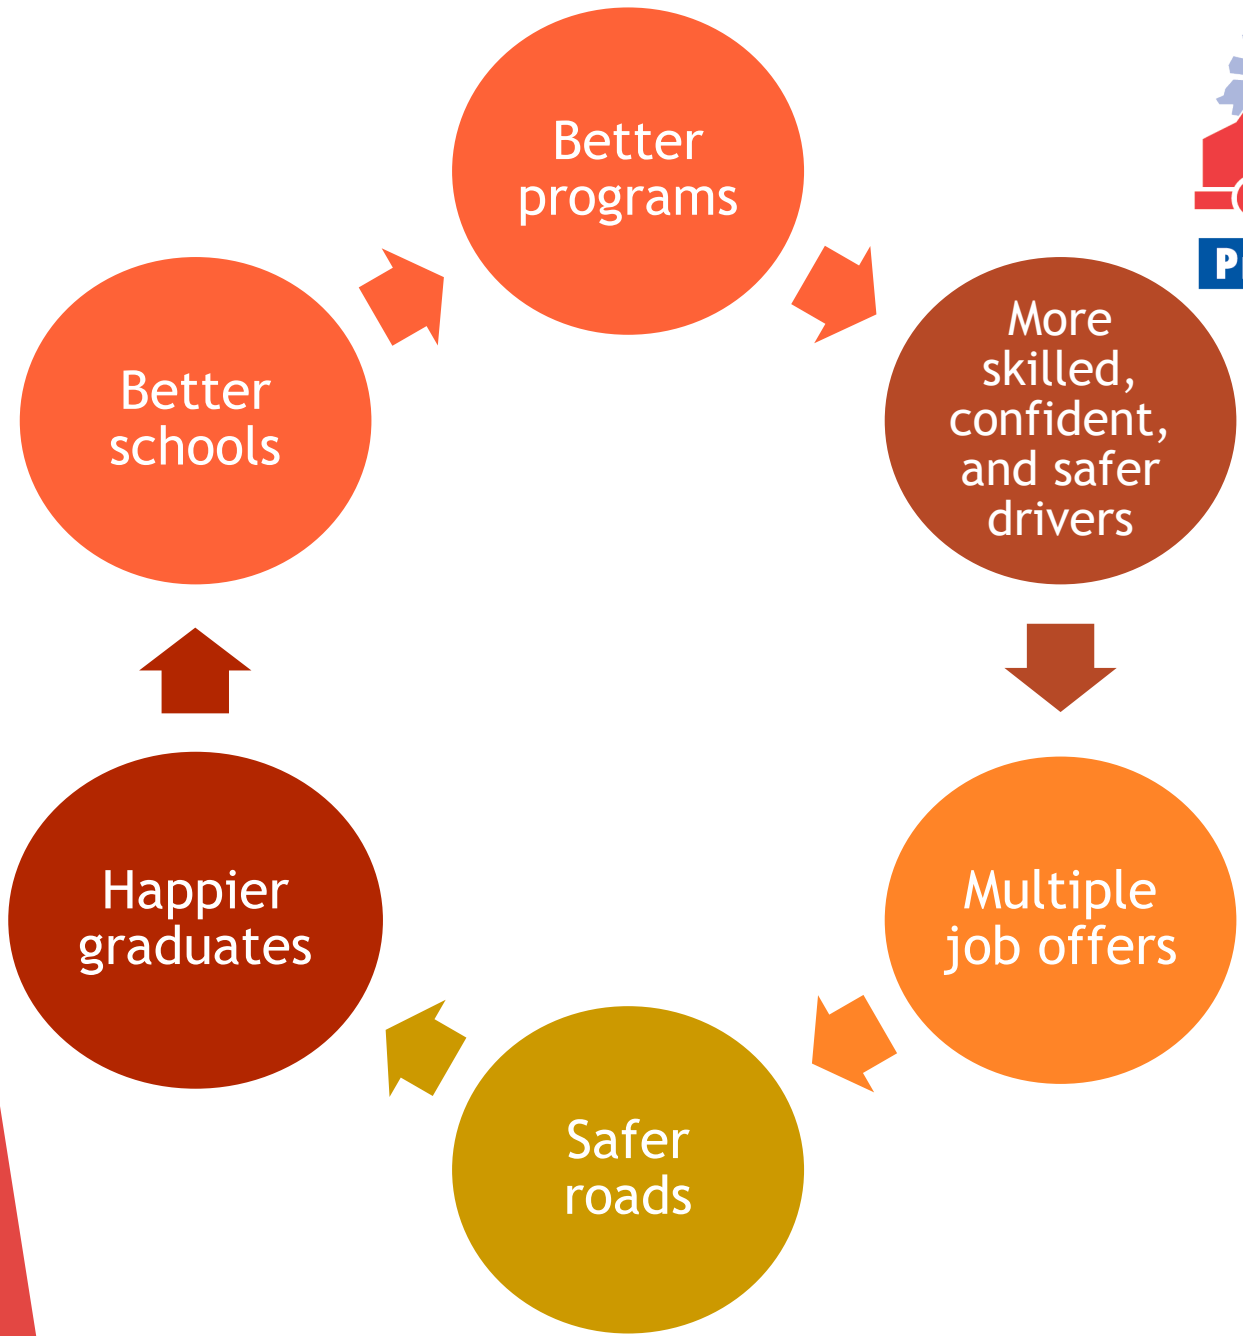

For your School

- ▶ Improves efficiency and effectiveness of your school operations
- ▶ Utilize curriculum standards developed by the industry and recognized as the gold standard
- ▶ Validation your program EXCEEDS government requirements
- ▶ Increases credibility within the industry
- ▶ Offers your students reliable training, improving future employment opportunities

For Your Students

- ▶ Assurance their school meets industry entry-level standards
- ▶ Confidence they are receiving the best training and skill development possible
- ▶ Students are more likely to find employment
- ▶ Carriers know PTDI drivers are better trained and ready
- ▶ Stimulates professional pride and diligence

Certification Benefit Cycle

PTDI ELD Training Standards

Access
Standards
on the ELD
page at
PTDI.org

(1) Skill Standards

what drivers must actually know and do on the job

- Describes the basic skill, knowledge and performance criteria critical for success as an entry-level driver
- Does not address every skill, knowledge, task, duty needed
- Basis for curriculum, instructional materials, performance, and assessment used by training organizations

(2) Curriculum Standards

instructional content guidelines

- Outlines the minimum curriculum content necessary for mastering the skills for the entry-level commercial motor vehicle driver

(3) Certification Standards

rules and conditions for certification

- Course certification requirements and evaluation areas
- Intended to provide professional judgment of course quality, encourage continuing course improvement, and increase industry use of standardized commercial motor vehicle driver training courses.

Certification Standards

Category	Standard	Description
1	1.1	Truth in Advertising & public info

Certification Process Overview

- We are no longer using the old SER, Annual reports or other printed forms
- The Certification Profile is the singular location for course information

Certification Process Detail

Certification Lifecycle

Initial Certification

- Application and Readiness survey
- Create Cert Profile
- Physical Onsite visit required
- Initial Fee

Annual

- Update and submit Cert Profile annually
- Complete Self Assessment survey
- No Annual Report
- Annual Fee

Recert (every 5 yrs)

- Update and submit Cert Profile before visit
- Physical or Virtual Visit
- Commission reviews Certification
- Recert Fee

Certification Profile

- ▶ Certification is evaluated based on the details you provide in the profile and your visit
- ▶ The profile replaces ALL reports (annual reports, substantive change reports, 5 year recertifications)
- ▶ Save your course certification information in one consolidated place
- ▶ Update your profile when you have changes
- ▶ Updates can be made at any time, but you are only required to submit your profile once a year.
- ▶ 1 site = 1 profile
- ▶ Recertifications are conducted every five years. After Cert Profile updates completed, option of a virtual or physical on site visit.
- ▶ An email will be sent each year to the primary contact with renewal information (update your Cert Profile, Renewal Fee, complete the Self Assessment Survey)
- ▶ Use Survey for recert peace of mind
- ▶ Keep records of documentation at your school. The profile requires documentation be uploaded only in certain areas.

Certification Costs

Flat rate fees are all inclusive and due upon application or during your renewal period

Certification (Site 1)

Initial Certification

- ▶ Cert Profile (Onsite Visit) \$4,500
- ▶ Addt'l course, same site \$1,000

Annual Fee

- ▶ Cert Profile & Self Assment \$750

5 Year Recertification

- ▶ 5 Year Recert (Virtual) \$750
- (Onsite) \$3250

Certification (Sites 2+)

Initial Certification

- ▶ Cert Profile (Onsite Visit) \$3,500
- ▶ Addt'l course, same site \$1,000

Annual Fee

- ▶ Cert Profile & Self Assment \$500

5 Year Recertification

- ▶ 5 Year Recert (Virtual) \$500
- (Onsite) \$3000

Certificates and seals: \$7.30 per certificate or seal
